Land Manor awarded Behavioral Healthcare Accreditation from The Joint Commission

Beaumont, Texas (June 12, 2025) – Land Manor has earned The Joint Commission’s Gold Seal of Approval® for Behavioral Healthcare Accreditation by demonstrating continuous compliance with its performance standards. The Gold Seal is a symbol of quality that reflects a health care organization’s commitment to providing safe and quality patient care.

Land Manor underwent a rigorous, unannounced onsite review on May 21st through May 23rd. During the visit, a team of Joint Commission reviewers evaluated compliance with behavioral healthcare standards spanning several areas including clinical competency, leadership, medication management, client rights, emergency management, environment of care, and infection prevention.

The Joint Commission’s standards are developed in consultation with health care experts and providers, measurement experts and patients. They are informed by scientific literature and expert consensus to help health care organizations measure, assess and improve performance. The surveyors also conducted onsite observations and interviews.
